El's POV

I was walking through the hallway's of my School when I noticed everyone was staring at me which was unusual because I'm so shy and no one really notices me well that is except my Best Friend's Will, Mike, Dustin, Lucas and Max who are always there to pick me up when I need them.

"So El, how was it with Troy squealed Kourtney" "How was what with Troy I asked" "Ahahaha she forgets laughed Lara"

I looked up at Kourtney and Lara what was so funny that I did with Troy, I hate Troy after what he does to My Friend's.

I shrugged and walked out the doors to see Mike flying down the road on his bike but I thought he said he would wait for me after school.

"Hey Mike wait up are you forgetting something I shouted after him".

But there was no reply, okay something is really weird here.

"Don't bother El he's gone to take his anger out said Max" "Wait, what why? I asked" "Have you been living under a rock El, you had sex with Troy said Dustin" "What... I don't know what sex even means shouted El" "It means that you love someone so much and trust them enough to get naked so you can kiss each other more passionately said Max" "What.. no I didn't have sex with Troy if I was to have sex with anyone it would be Mike and certainly not Troy shouted Eleven" "Well then you better go tell him that because he's going to box the head of Troy then he plans on never speaking to you again

said Lucas"

"Where did he go Eleven screamed" "To Troy's house" "Okay where's that asked Eleven" "On Parkenston road said Will" "Okay said El taking Dustin's bike"

"Hey shouted Dustin"

Mike's POV

I couldn't beleive El did that, I can't beleive she betrayed me and had sex with Troy TROY for god's sake. If El was ever going to have sex I would of thought it would of been with me not Troy but I guess I was wrong. I'm so stupid thinking that El would ever like me I mean yes I took her in and we kissed a couple of times but El got prettier and more Boys where paying attention to her one of those Boys being Troy.

But I know what I have to do to get even with Troy and over Eleven...
